Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner discussed Claims 1 and 4 with the applicant's representatives. The examiner reminded the applicant's representatives that the proposed additions to claim 4 would need to be supported by the specification and suggested that clarification of "arbitrary portion" might help distinguish the claim from the cited prior art of record. Furthermore, the examiner also discussed the interpretation of the language of claim 1 as it applies to the prior of record with the applicant's representatives. The examiner noted the differences of opinion and no agreement was reached. Further consideration of the claims would need to be given when an official response is filed by the applicants.
